Stanford Campus Signs
January 2008

General Reference Material

For specifications information or questions contact the University Architect/Campus Planning and Design Office.

Pages labeled as:
- Standard – depict signs that must be used on the Stanford Campus when needed.
- Optional Standard – depict signs that have been used on the Stanford Campus. Other alternatives may be considered.
- Prototypes / Design – depict signs that have been recently implemented on the Stanford Campus. For non-historic buildings other alternatives will be considered.
- Optional – depict specialized signs that have been used on the Stanford Campus. Few sites may require such a sign.
